

## **“Magnetic Moment”**

a poem inspired by Clarence Schumaker’s painting, *Channel 4*

by Judy Angelheart

Tonight true north  
Is the east  
Compelled to watch her rise  
On this hazy night  
Stretching the spectrum out  
Pushing clouds aside  
She will not be deterred  
Rising to her celestial glory  
Luna lures us to join her pack and  
Howl under the full Wolf Moon
